FIRST THING

Preview the Entire Fair

in a fascinating hour • or two!

● Once you're inside the New York World's Fair grounds, the first step to take is to *step aboard a Greyhound Exposition Coach* for an all-around-the-Fair Tour. You can start this sightseeing survey of the grounds at any main gate. The next hour will be the most thrilling one you'll spend at the Fair no matter how many days you spend there. It's more than a case of getting a favorable first impression—although you'll certainly get that! On this special tour, you'll get a picture of the Fair as a whole and you'll also discover just where the particular points of interest are that you may wish to visit. The Greyhound-trained lecturer

conducting your tour is a walking and talking compass and guidebook—he'll point out and describe every building and place of interest. Think of the time and the steps you'll save when you know right from the start of your visit where everything is located!

The one-hour Greyhound tour of the Fair is in a specially designed Exposition Coach—the largest bus in the world—and costs

The two-hour tour is by Greyhound coach, lounge car and boat and costs

LET US SHOW YOU THE WORLD'S FAIR OF 1940!

**LOUNGE CAR
SIGHTSEEING 25¢**

From a seat on a Greyhound Lounge Car you'll get a close-up view of many exciting exhibits that are necessarily seen only from a distance when you're riding on the larger sightseeing coaches. These motorized, trackless trains start from the Theme Building and wind their leisurely way among the exposition buildings. This Lounge Car trip is a grand way to enjoy a half-hour of complete relaxation and still continue your sightseeing. The following lines on the map indicate the route:

**BLUE WATER
BOAT TOURS 35¢**

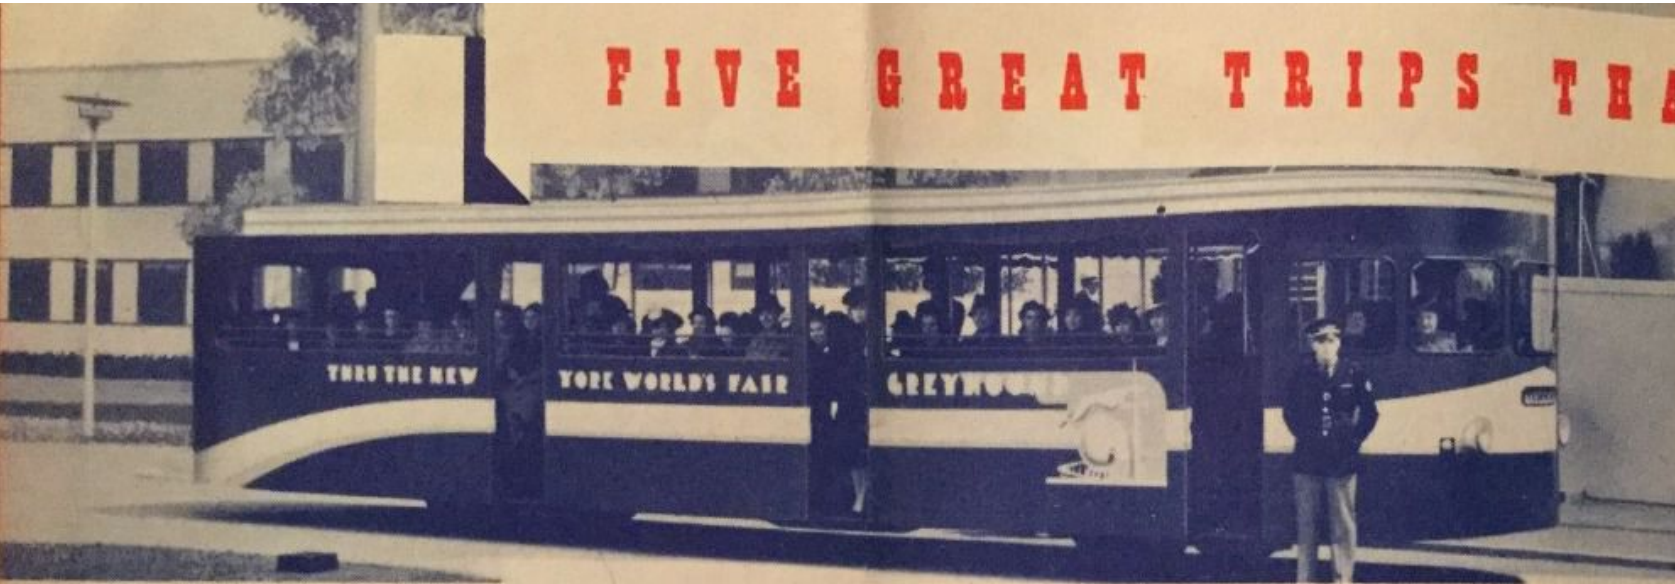

Your visit to the Fair won't be complete until you've seen it from the water as well as from the land. Cruising around lovely Liberty Lake in one of these sturdy, comfortable Greyhound boats, you'll get a new perspective of the Fair—and also close-up views of the Aquacade, the American Jubilee, Amusement Area and many other attractions. And here's another tip—don't miss seeing the Fair's spectacular fireworks display from the water. Routes and docks are indicated on the map as follows:

**COMBINATION
SIGHTSEEING
TOUR \$1.00**

If you want to be sure that you miss absolutely nothing of interest at this great World's Fair, don't miss this two-hour grand tour. If this were the only thing you did at the Fair you could truthfully say you'd seen its highlights. This is a combination of all the other Greyhound tours—utilizing lounge cars, buses and boats—at a special combination price. You can start this gala tour at any one of the main gates, and your route will follow along the lines indicated below:

FIVE GREAT TRIPS THAT SHOW

RAPID TRANSIT SERVICE

10¢

Greyhound's huge 120-passenger rapid transit coaches will save untold billions of steps this summer, for they are the ideal way to get from any part of the Fair to any other part. You may board them and leave them at any stop—and they operate on schedules that are only minutes apart. There isn't any exhibit more than a few steps from one of the stations served by this economical transportation. Routes followed are indicated on the map in the following manner:

SIGHTSEEING TOUR

50¢

This Greyhound sightseeing tour with a trained lecturer in attendance is the perfect introduction to the whole Fair. In itself it has proved to be one of the most popular forms of entertainment on the Grounds—and it also helps you to get your bearings, thus making the rest of your sightseeing easier and more profitable to you. You may start this "preview trip" at any of the main gates.

LOUNGE CAR SIGHTSEEING

From a seat on a Greyhound Lounge Car you get a close-up view of the exhibits that are necessarily seen on the other side of the grounds. These motorized, trackless cars, which operate from the Theme Building and other points among the exposition buildings, make this trip a grand way to enjoy relaxation and still continue your sightseeing on the following lines on the map:
