## Make More Money From Spectator Events WITH SCOTT STADIUM SEATS

Convert hard wooden seats into comfortable "chairs" with padded seats and backrests. Spectators gladly pay extra for this comfort. May be installed permanently or used on a performance-rental basis. Proven money-makers either way. Wide range of models and prices.

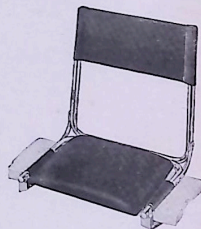

New "LOCK-ON" Model. Body-formed pressed wood seat, contoured backrest. Contoured back automatically clamps seat to plank when pressure is placed on backrest. Can be unlocked only with special tool.

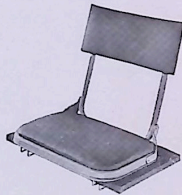

65-22 Deluxe—12 $\frac{1}{2}$ " x 14 $\frac{1}{2}$ " seat and 7 $\frac{1}{2}$ " x 14" padded-contoured backrest, both heavily upholstered.

- Rust-Proofed All Metal Construction
- Hinges Will Support 300 lb. Person
- Weatherproof Vinyl Plastic Covering
- Choice of Colors
- Choice of Seat and Backrest Styles
- One-Piece Bottoms—Will Not Mar Varnished Surfaces
- Automatic Spring-Locking Clamps
- Attach to Boards From  $\frac{3}{4}$ " to Plank Thickness
- Quickly Installed and Removed
- Fold Compactly—Present No Storage Problem

Write today for literature and prices on these and other models.

65-53—10" x 13" padded canvas seat and backrest. Frame of  $\frac{3}{8}$ " zinc plated tubing. Weighs but 7 $\frac{1}{2}$  pounds. Ideal for use by concessionaires.

TR-42—10 $\frac{1}{2}$ " x 14 $\frac{1}{2}$ " seat and 14" x 6" backrest, both upholstered. Base edges rolled upward. Also T-41—Same as above except with masonite backrest.

## ... a salute to Disneyland

*In sincere appreciation of an outstanding achievement which has reflected credit and recognition on the entire outdoor amusement industry, members of the National Association of Amusement Parks, Pools & Beaches pay tribute to Disneyland and its most distinguished creator.*

*The unique concepts embodied in Disneyland's design and its creative approach to the challenge of providing "Recreation for the Nation," have captured the imagination of millions and have led them to discover and re-discover the joys and pleasures provided by the amusement industry.*

*The high standards and strict operating policies so successfully practiced at Disneyland exemplify the finest aspirations of the industry as stated in the NAAPP&B Code of Ethics.*

*For these achievements, Disneyland has justly earned world-wide acclaim and, in so doing, has won greater respect and prestige for the entire amusement park industry in the eyes of the public.*

ROBERT L. PLARR, President  
NAAPP&B

# NAAPP&B

## ... in business for your profit

*Your National Association of Amusement Parks,  
Pools & Beaches provides the opportunities and  
services that bring bigger profits to your business.*

### CONVENTION & TRADE EXPOSITION

The annual NAAPP&B Convention and Trade Exposition held at year-end concentrates on the problems and trends facing the outdoor amusement industry. Penetrating, helpful discussions on matters vitally affecting our business are conducted by outstanding leaders in the amusement field. Colorful, informative exhibits by scores of manufacturers demonstrate the newest amusement devices and equipment. Movie and still pictures give you a first hand knowledge of the latest developments in the industry. Informal contact with other executives and operators results in an exchange of information on virtually every phase of your business. In no other way than at the NAAPP&B Convention can so much be accomplished to insure a successful future.

### PUBLIC LIABILITY INSURANCE

Park operators and concessionaires have been protected from losses amounting to more than \$1 million as a

result of coverage under the NAAPP&B Public Liability Insurance Plan. In effect since 1936, the plan is carried in cooperation with the Associated Indemnity Corporation. The extraordinary savings possible under this plan are available to all NAAPP&B members wherever permitted by State Law. Being a highly specialized line, NAAPP&B Public Liability Insurance is handled only by agents who are recognized for their intimate knowledge of this particular class of business.

### MANUAL AND GUIDE

The "handbook of industry," the NAAPP&B *Manual and Guide* is an invaluable year-round reference for every manufacturer and operator in the amusement industry. Covering more than 250 pages, the *Manual* includes among its many features: a complete Buyer's Guide directory of manufacturers and dealers in amusement devices, equipment and services; a directory of permanent outdoor amusement and kiddie parks; a list of

concessionaire operators; and the membership rosters of the NAAPP&B and the International Association of Fairs and Expositions. Other articles plus advertisements by the leading manufacturers and suppliers in the field point out new trends and practices and the latest developments in equipment and services. Published annually since 1943, the *Manual and Guide* has long been recognized for its priceless value to the trade.

### LEGISLATIVE ACTIVITIES

As watch dog over any legislation that might adversely affect the outdoor amusement industry, NAAPP&B, through its Government Relations Committee, is constantly on the alert at our national capitol. Last year, the team effort of NAAPP&B and other groups was responsible for obtaining an exemption for outdoor amusements and other industries from the provisions of the minimum wage bill. Other outstanding accomplishments included passage of the 1958 Omnibus Tax Law which removed admission tax from swimming pools and roller rinks and exempted the first \$1. of admissions from any tax for ballrooms and other amusements. This was a sequel to previous cooperative efforts in obtaining 1953-54-56 excise tax reductions. NAAPP&B legislative activities are a continuing responsibility which your Association has met for more than 30 years in the best interests of the industry.

### BULLETIN SERVICE

The "pipeline" of the industry, the NAAPP&B *News Bulletin* keeps members alerted to up-to-the-minute industry news and developments. Published bi-weekly (more frequently when necessity dictates), the *News*

*Bulletin* brings bargain values and potential customers to your doorstep through its regular "For Sale and Wanted" section. Through the *Bulletin*, an excellent employment service is also maintained bringing together those desiring new positions and those seeking new employees. This valuable service is available only to NAAPP&B members.

### SERVICE & INFORMATION

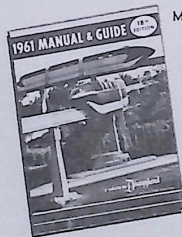

Through the permanent Association office in Chicago, NAAPP&B members have access to information on all phases of the outdoor amusement industry. Research reports, industry surveys and special studies have built up an extensive library of pertinent information available for members' use. NAAPP&B Executive Secretary John S. Bowman stands ready at all times to help any member find a solution to his particular problem. NAAPP&B's stockpile of industry data is continually revised and supplemented. As dictated by the needs of the industry, special questionnaires are periodically sent to members to obtain important information on pressing problems.

### PUBLIC RELATIONS

To extend the scope of public knowledge of today's outdoor amusement industry, the high moral plane upon which it is operated and the safe devices which are offered for the entertainment of the public, the NAAPP&B Publicity Committee and Executive Secretary maintain constant liaison with all mass communications media. In addition, NAAPP&B represents the industry at national meetings of other organizations which have a direct influence on public acceptance and use of outdoor amusement facilities.

### HOW TO JOIN

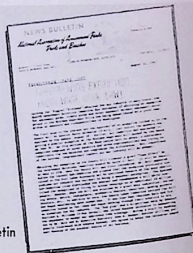

For full information on membership services, requirements and dues, contact National Association of Amusement Parks, Pools & Beaches; John S. Bowman, Executive Secretary; Suite 1318; 203 N. Wabash Ave.; Chicago 1, Ill.; or call him at RAAndolph 6-1528. NAAPP&B membership includes the great majority of prominent owners, operators and concessionaires of amusement parks, pools and beaches in the United States and the leading manufacturers, designers and sales representatives of amusement devices and equipment.

# National Association of Amusement Parks, Pools and Beaches

## Code of Ethics

This Code of Ethics is hereby adopted by the National Association of Amusement Parks, Pools and Beaches at its 1950 Convention as the standard of practice for all its members who individually and collectively pledge themselves as follows:

1. To provide clean, wholesome and safe outdoor recreation for everyone.
2. To fill the hearts of children and all those young in spirit with joy while spending their hours of play and outdoor recreation in sunshine and fresh air.
3. To treat our patrons as our guests and by our courteous manner make them our friends.
4. To conduct our business on the highest plane of integrity so that all individual establishments will occupy places of honor in their communities and our industry may be respected in the nation at large.
5. To consider the ideal of service as one of our foremost requisites.
6. To foster and maintain a spirit of co-operation and fair dealing with our employees and concessionaires.
7. To establish and maintain intimate, cordial and friendly relations with our fellow members.
8. To establish and maintain a spirit of fairness and protection with amusement device builders.
9. We believe that these principles must be carried out by each member individually in order to foster and promote our industry which is a high and worthy one and also a vital and necessary part of our community life at all times.

## AMERICAN RECREATIONAL EQUIPMENT ASSOCIATION

In 1935 our organization succeeded the Manufacturers' and Engineers' Section of National Association of Amusement Parks, which had been formed in 1925. American Recreational Equipment Association membership consists of manufacturers and suppliers of equipment to amusement parks and portable amusement operators. We are THE organized group exhibiting annually at the NAAPP&B Trade Show and Convention.

Aims of A.R.E.A. members are to:

1. Engineer and build equipment that meets the requirements of owners and operators, as it was designed for manufacture.
2. Provide prompt and reliable service to owners and operators of equipment we supply.
3. Keep in mind constantly the safety of our products. Safety features for the protection of owners and patrons are built into our equipment.
4. Build profitable equipment that pays to owners, a favorable return on their investment.

### 1960 OFFICERS OF A.R.E.A.

AN INTERNATIONAL ORGANIZATION OF SHOWMEN FOR SHOWMEN

312 W. RANDOLPH STREET  
 CHICAGO 4, ILLINOIS  
 PHONE DEARBORN 1431  
 October 20, 1960

Mr. John S. Bowman, Executive Secretary,  
 National Association of Amusement Parks, Pools & Beaches,  
 203 North Wabash Avenue,  
 Chicago 1, Illinois.

Dear John:

Each year, for 50 years members of Showmen's League of America have waited with real pleasure and keen anticipation the arrival here of your membership from all corners of the North American Continent. Over these years the bonds of friendship existing between our membership and the members of the National Association of Amusement Parks, Pools and Beaches has grown and strengthened for which we are thankful.

We believe that your 1960 convention will be the biggest and best ever; we have watched the progress of your membership in their building of bigger, better and more beautiful amusement establishments throughout the country; we admire their imagination and planning which has led to this progress in their field.

We extend to all of the members of the NAAPPB the use of our full four floors of hospitality in our beautiful clubhouse at 300 West Randolph Street, during the convention and the cordial invitation to visit us whenever they come through Chicago.

With the hope for many future years of cooperation between our respective organizations, I remain,

Fraternally yours,

SHOWMEN'S LEAGUE OF AMERICA

## Model 552-GS "Gallery Special"

Here's a rifle with the good looks to pull heavy traffic, and the satisfying accuracy to keep 'em coming back for more . . . and more.

The Remington Model 552-GS "Gallery Special" is the only autoloader chambered exclusively for gallery cartridges. The balance and design of this rifle make it equally easy to handle for men, women and even small children. Its lightning-fast action and 20-shot magazine capacity mean more shooting, faster shooting . . . more profits for you.

The "Gallery Special" was field-tested through

thousands of rounds in galleries all along the East Coast, and every gun came through in perfect operating condition. That's because Model 552-GS is made extra rugged for maximum usage, minimum repair.

Let this remarkable "Gallery Special" rifle start turning fast dollars for you now. See your Remington wholesaler or write: Remington Arms Company, Inc., Bridgeport 2, Connecticut. Ask for big, colorful Remington or Peters counter covers, too. They're free!

For top performance and  
big crowds, use Remington  
"Spatter-less" or Peters  
"Krumble Ball" Gallery 22's

Your finest buys in gallery ammunition are Remington 22 short "Spatter-less" or Peters "Krumble Ball" cartridges. They are specially designed for gallery use and the accurate, composition-type bullets disintegrate on impact . . . eliminate danger of ricochets. Non-corrosive priming preserves barrels, too. Get ready now for the biggest season you ever had!

by Peters Cartridge Division, Bridgeport 2, Connecticut.

"Once around is never enough"

**OUR POLICY for 80 years:**  
to give you rides that are

- ★ BUILT BETTER
- ★ TO LAST LONGER
- ★ WITH LESS MAINTENANCE

*Allan Herschell Co., Inc.*

**FINANCE PLAN AVAILABLE**

Creating, designing and building amusement riding devices is more than a business at Allan Herschell. It's a tradition—80 years of it!

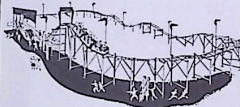

We're proud, of course, of the way you and the public have received new Allan Herschell rides year after year. And we're equally proud of the performance records AH rides have set. (Many have been in continuous operation for 45 years or more!)

But we get even more satisfaction, perhaps, from the low maintenance cost AH ride-owners report. Because we know that keeping a ride humming means more in dollars than the cost of a tiny repair part.

But when and if that unexpected breakdown occurs, just remember this: we provide prompt delivery on repair parts. Write or phone whenever you need parts.

## Prevent Receipts Leaks

### Get Rid of These Worries

### 10 BENEFITS OF PEREY TURNSTILE SYSTEMS

- 1—Personnel saved—Payroll reduced.
- 2—More accurate metering of concessions receipts—misunderstandings and arguments reduced.
- 3—Greater percentage of receipts collected—pilfering and admission frauds eliminated.
- 4—More modern attractive appearance at entrance—creates impression of alert up-to-the-minute management.
- 5—Faster, more automatic handling of patrons, in and out—elimination of congestion and line-ups at entrances.
- 6—Improved morale of employees—temptation removed from cashiers and ticket takers.
- 7—Gate crashing evil reduced (by means of "barrier" method of admission).
- 8—Abatement of slipping "friends in free" nuisance (every admission counted).
- 9—More accurate, automatic check on rerides—receipts increased.
- 10—Accurate, automatic "Head count"—every person counted.

# The HOT ONE for '61

# THE CAR THAT STANDS OUT ABOVE THE REST - These Outstanding Features Are The Reason Why!

## LUSSE *skooter*

# A RIOT OF ACTION!

- Appeal to all ages
- Sure year after year profits
- Outstanding repeat fares
- Long investment life

- ★ Unique compact front wheel driving unit provides the ultimate in Performance, Simplicity, Ruggedness and Endurance.
- ★ Vertical SPECIAL Ball Bearing motor is mounted stationary; this feature eliminates problems of alignment and troublesome rotating electrical connections to motor.
- ★ Automatic Free Wheeling Clutch designed and proven by US (imitated by others) fully protects motor stalling from overloads and reduces shock to transmission.
- ★ Simplified husky two (2) gear transmission encased in grease filled dirt-proof housing lowers maintenance and down time. It eliminates all the following parts found in other cars, such as: Two (2) stretching Vee Belts; Two (2) Sprocket Gears, Drive Chain and Jack Shaft—all of which are exposed to low and dirty floor conditions over which Bumping Cars must operate.
- ★ Double Tractor Wheels provide positive traction and up to 6 years of service.
- ★ Live Rubber Cushioned Rear Axle takes up shock to passengers and bearings on rough floors.
- ★ Rubber bumpers on the Auto Skooter cars have TWICE the resiliency; the 35 durometer measurement confirms this fact—choose either the Cushion Rubber Bumper with the Steel Band Facing for the "ultimate in performance" OR the Rubber Spring design bumper for excellent performance at Lower Price.
- ★ Timken Roller Bearings and Fafnir Ball Bearings used at every vital bearing point thus assuring lower maintenance.
- ★ Steering is unique—using only TWO GEARS—other makes use Two Sprocket Gears, a Chain and Universal Joint.
- ★ Rugged Steel Bodies provide Greater Strength, Longer Life, and a surface to which paint will adhere perfectly.
- ★ Attractive Stainless Steel Belt Line surrounds lower portion of body; this feature eliminates patrons' shoes from marring body surface, when entering and exiting of cars. Lusse Auto Skooters always retain that "brand new look."
- ★ Brilliantly lighted Head and Tail Lights create a most attractive pattern of traveling lights. You'll attract more patrons with this feature.
- ★ Durable Upholstery is designed for Safety and Comfort. Padded Trolley Pole Cushions and Safety Belts permit small children to ride safely.
- ★ Light weight Aluminum is used extensively to reduce overall weight. This makes sense because the lighter the car the less impact force during collisions.

THESE FEATURES ARE THE RESULT OF 38 YEARS OF EXPERIENCE AND THE DESIRE TO MAKE THE LUSSE AUTO SKOOTER CAR THE BEST IN ITS FIELD.

# ROLLER SKATING

*a profitable  
recreation that entertains more people  
in less space...*

Roller skating is a sport enjoyed by the young in heart. A gym, hall or any other smooth surface makes a fine skating area, and there is no damage to the floor if proper skates are used. Little equipment is needed . . . little supervision is required. That's why more and more schools and churches have roller skating programs—and *many of them make money* by charging a nominal fee for skating. Write today for free information.

### New Rubber-Plastic Wheels are kind to gym floors

Not only do these new Duryte rubber-plastic wheels outwear others, they give the skater more traction and smoother rolling. They are guaranteed not to mar or scratch the floors. Write for free details on roller skating programs and skating equipment.

# ACTION IS WHAT COUNTS!

**Easy to operate! Economical!**

**DARE TO COMPARE  
THE FAME A.B.T.**

Compare overhead and running expenses with live ammunition galleries. Shot and cartridges can be used over and over. The cartridge tube normally lasts 20 times, unless torn or mutilated by careless players. Shot are recovered for reloading indefinitely. You will find after careful investigation, few concessions can be operated as profitably.

You know what is said of the "lilies of the field"? They toiled not, yet they had old King Solomon beat. All they had to do was GROW! That is the situation concerning your bank roll if you let RIFLE SPORT do its stuff for you!

Check with those who own and operate RIFLE SPORT. They can tell you better than we can—why it is the featured attraction in the major amusement parks during the past 10 years.

Basket Checking is old fashioned  
...AND COSTLY, TOO!

A SELF SERVICE  
COIN OPERATED  
SYSTEM

## Sentinel Locker Systems

increase revenue, improve service, reduce payroll!

Bathhouses across the country are turning to high-security Sentinel Lockers to eliminate checkroom payrolls. These self-service, coin operated lockers also serve the function of receiving checking and admissions fees.

Patrons prefer the privacy and convenience of checking their own clothing and valuables... they like not having to wait in line... and they appreciate the security of Sentinel's vault-like construction.

Park and pool managers are enthusiastic. A few typical comments: "Our monthly income is up 15% and our payroll is down 35%." Another reports, "Based on our first season's figures, our Sentinel Lockers will pay for themselves in less than 2 years." Still another, "No more special checking of valuables and the custody liability that goes with it."

Sentinel Lockers are beautifully modern. They're available in a choice of sizes and a range of

attractive decorator's colors. A simple lock exchange system (if keys are lost) make them absolutely pilfer-proof. No other checking system offers the same customer convenience, the same protection, the same opportunity for profit.

Get full information now for next season's operation. Use this coupon... without obligation, of course.

STYLING, PERFORMANCE & PATRON APPEAL  
MEAN PROFITABLE OPERATION

IT'S ALL YOURS WITH  
THE SPACE AGE  
**DODGEM**

Once in a lifetime an amusement ride catches the tempo of the times, the desire of your patrons, that indescribable something that makes people want to try it — ride it. Of course, it's the DodgeM we're describing. From the top of its trolley pole to the tip of its sculptured fiberglass hood, this new DodgeM is unsurpassed for beauty and styling. The sleek, modern, shining DodgeM shouts "ride me" and patrons do just that . . . ride, re-ride and ride some more — they make DodgeM a most consistent big money earner, outgassing its cost each season.

DodgeM's the operator's friend in other ways — it runs with little or no maintenance. The famous DodgeM dirigible drive has given long trouble-free performance through the years. And the rugged fiberglass hull has been "torture-tested" for over three years and continues to prove itself as the best body material known — the first revolutionary development for amusement rides in years.

Face the facts, there is nothing "just as good" as the new Space Age DodgeM. Before you invest in a new ride that may be here today and gone tomorrow, investigate DodgeM. You can convert an old bump-em ride into a modern money maker for a fraction of the cost and be positive in the knowledge that you've invested in a consistent money maker for many years to come.

14 GOOD REASONS WHY  
YOU SHOULD BUY

# DODGEM

1. New Space Age design assures greater interest — higher repeat ride ratio.
2. New, molded one piece, SLIDE EASY all rubber bumper eliminates troublesome steel bumper bands.
3. Ball bearing steering makes it easier to drive — easier on the car.
4. Rugged clutch requires no adjustment, can be changed in 3 minutes — has no springs and positively protects motor against overload.
5. Proven, conventional type, twin V-Belt drive is noiseless and offers no maintenance problems.
6. Easily accessible motor is mounted in normal horizontal position and does not have or need a short circuiting switch.
7. All wheels are mounted on Timken bearings.
8. Amazingly simple in mechanical design.
9. Forward and backward operation means greater patron pleasure. Car can be adjusted for forward drive only if desired in 3 minutes.
10. Two-toned color combinations are a permanent part of the fiberglass body.
11. Entire body is armor strong unbreakable fiberglass — long, rugged service is assured.
12. Advance design construction and engineering means little or no maintenance cost — helps keep your profits high.
13. Body easily changed as new styles are introduced.
14. Our financing plan makes it easy to own a DodgeM.

IT ALL ADDS UP TO THIS: FOR FULL VALUE AND HIGHEST PROFITS INVEST IN DODGEM — THE ONE CONSISTENT MONEY EARNER FOR OVER 40 YEARS.

THE  
 LARGEST AMUSEMENT PARK  
 IN NEW ENGLAND

ROUTE 5A  
 AGAWAM, MASS.

We Salute the . . .  
 NEIGHBOR OF THE MONTH

YOUNGSTERS by the millions, literally, have known the happy time of youth, thanks to Riverside Park. And the merry-go-round will thrill millions tomorrow.

There is another side to Riverside Park, owned by Edward J. Carroll — the economic impact on the area. Facts: \$2 million invested; more than 100 acres; a payroll of \$15,000 weekly in season; another \$250,000 annually for maintenance; largest Agawam taxpayer — England.

But there are always the youngsters (and the adults) for whom Riverside Park is kept modern, clean and exciting, in its 21st season under Mr. Carroll, in its president of Barrington Fair and industry.

The future: more and more attractions, designed for all ages.

But basically, the thrill of Riverside Park is still the excitement in a little boy's eyes, the fun in a little girl's smile . . . salute Ed Carroll and his Riverside Park.

[76]

Spokane's proposed Sinto Olympic Pool: John J. McNerny, Professional Engineer, Colfax, Washington

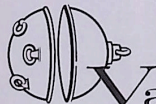

Professional preference for the Vacumite filter is based on such facts as: Economy of space, lower initial cost, lower annual operating cost, extremely simple operation and maintenance, and unsurpassed water clarity. Filter building expense is eliminated, and Vacumite can be put underground if desired.

Beautiful Spokane, Washington, is noted for its scenic surroundings and unlimited recreational facilities. Over 75 lakes lie about the city, but for safe and healthy swimming Spokane's nationally-known Recreation Superintendent, Mr. S. G. Witter, recommended filtered pools at convenient locations within the magnificent 2,725-acre municipal park system. Spokane's citizens approved a \$4 million dollar bond issue to pay for new construction and/or modernization of 5 large, modern swimming pools. Vacumite Filters will be used exclusively.

All over the nation an increasing number of architects and engineers are recognizing Vacumite's superiority over pressure type filtration, both diatomite pressure and sand-gravel. With crystal-clear pool water an imperative requirement, Vacumite consistently proves its ability to provide it at less cost, and with less trouble. Whether you are contemplating new pool construction, or the rehabilitation of an old pool, it will pay to investigate Vacumite. On the basis of efficient performance and economy of operation, you will find Vacumite the wisest choice.

Spokane's giant swimming pool project, now under way, will benefit Shadle Park, Sinto Olympic, Liberty Park, Cannon Park and Hillyard. Associated with Recreation Superintendent S. G. Witter and his staff are these leading Washington state engineering firms: Rice and Strecker, Spokane; John J. McNerny, Colfax; W. L. Maloney and Associates, Spokane.

# HUNT'S PIER

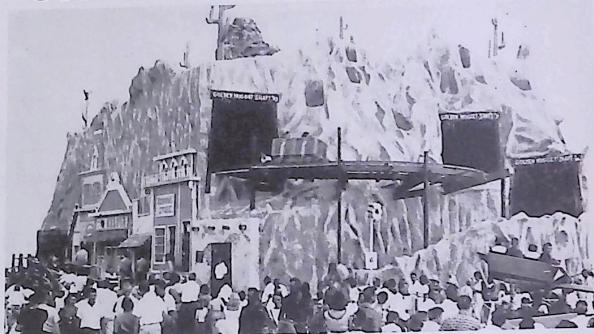

WILDWOOD-BY-THE-SEA, NEW JERSEY

SAYS THANK YOU,

## JOHN ALLEN

FOR THE FABULOUS

### "GOLDEN NUGGET MINE RIDE"

We are deeply grateful to the following people for creating what we believe to be one of the world's GREAT rides . . .

- ☆ Designed, Engineered and Supervised by JOHN ALLEN, Philadelphia Toboggan Company
- ☆ On Site Construction by HENRY S. WITTE, Supt. Construction Hunt's Theatres
- ☆ Art work and Special Effect displays by WILLIAM TRACY, Outdoor Dimensional Display, North Bergen, New Jersey
- ☆ Special Sound Effects by JIM HERVEY, Audio Electronics, W. Los Angeles, Calif.

P. S. We couldn't begin to handle the large crowds that wanted to ride it . . . even with our 8 cars holding 4 to 6 passengers each!

## AMERICA'S MOST COMPLETE LINE . . .

### C. P. Huntington - 1863

Authentic Replica of 1863 O' Timer, but with modern-day power. Fifty-eight horsepower gasoline engine. A pulling capacity of ten cars—140 adults. Coaches load from either side. Fiberglass seats assure comfort and durability. Fringed nylon top is optional. Twenty-inch gauge track.

## FROM OLD TIMERS TO STREAMLINERS

### Aerotrains

Streamliners? Yes Sir, faithfully scaled from the Big Ones. Eye-catching beauty demands riders. All are gasoline powered. Have automatic transmissions. Spring-laden, heavy-duty trucks assure comfort. Positive-acting air brakes throughout. Coaches are large, each accommodating up to 14 adults. Streamliners to run on 12- to 20-inch gauge track. Whichever you choose, you'll have trouble-free operation, a greater profit margin, and the confidence of knowing you have the best construction and safest operating trains money can buy.

### ROCKETLINER B-14

## ACCESSORIES ADD REALISM

- ☆ Automatic Crossing Signal. Train's position on track controls flashing lights. Clear, strong bell tone attracts crowds . . . all metal . . . weather proof.
- ☆ Automatic Black Signal. Bright red and green lights controlled by train's track position.
- ☆ Automatic Crossing Gate. A real safety device. Automatically raises and lowers according to train's position on track. Bell is loud and clear.

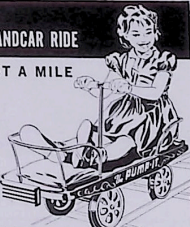

Live-Steam trains are more popular than ever. Old-time whistle and bell, chuffing exhaust, real smoke attracts more business. Steamers available on special order.

## THE PUMP-IT HANDCAR RIDE

PUMP A WHILE • COAST A MILE

Terrific appeal . . . All-steel construction . . . Looks and works like a real railroad hand car. Free wheeling. Sealed drive unit assures trouble-free operation. A two-year-old can pump it easily. Highly portable . . . easily erected . . . low initial cost. Start with as few as four cars . . . add as needed.

## *A Great Tribute*

to the

AGGRESSIVE LEADERSHIP in the AMUSEMENT PARK INDUSTRY

**TWENTY-FIFTH ANNIVERSARY**

**SPECIAL PUBLIC LIABILITY INSURANCE PLAN**

## *A Great Tribute*

For **TWENTY-FIVE** consecutive YEARS, the **SPECIAL PUBLIC LIABILITY INSURANCE PLAN** has spread its powerful, constant and guiding light of protection over the entire amusement park industry.

**A GREAT TRIBUTE** to those leaders who, twenty-five years ago, established the Plan -- realizing that the future success of the industry greatly depended upon sound public liability insurance protection for the "heart" of the business -- its finances.

**A GREAT TRIBUTE** to the unique arrangement effected to attain this end, namely, the intelligent, conscientious and energetic guidance of three recognized, distinct factors -- the Insurance Committee of the N.A.A.P.P. & B.; its Official Insurance Carrier, the Associated Indemnity Corporation of Newark, N. J., and its Official Insurance Consultant and National Broker, John Logan Campbell -- each operating separately but coordinating to one end -- to make this Plan the outstanding success it is today.

**A GREAT TRIBUTE** to the farsighted amusement park owners-concessionaires who have insured thereunder -- thereby playing an important part in the successful development of the Plan.

**A GREAT TRIBUTE** -- the **TWENTY-FIFTH ANNIVERSARY** of the **SPECIAL PUBLIC LIABILITY INSURANCE PLAN**, sponsored by the N.A.A.P.P. & B., appropriately symbolizes quality insurance -- supported by continuity of sound and adequate protection -- recognized financial strength -- expert claims and engineering services -- coupled with scientific, equitable rates at all times.

Because of this unparalleled accomplishment -- the farsighted amusement park owners-concessionaires always  
----- **INSURE UNDER** -----

**This Policy** — originated, developed and perfected for the benefit of the members of the N.A.A.P.P. & B.

## AMUSEMENT PARK LIABILITY POLICY

THIS POLICY is afforded by the ASSOCIATED INDEMNITY CORPORATION, official Insurance Carrier of the N.A.A.P.P.&B., and it offers many additional advantages under - -

THIS POLICY is  
sponsored by

### THE INSURANCE COMMITTEE

of the  
National Association of  
Amusement Parks,  
Pools and Beaches

and  
developed by its  
Official Insurance Consultant  
and Nationally Recognized Agent

JOHN LOGAN CAMPBELL

### THE SPECIAL PUBLIC LIABILITY INSURANCE PLAN

sponsored by the

National Association of Amusement Parks, Pools and Beaches

#### SECURITY

EACH POLICY HOLDER enjoys the solid protection of one of the most outstanding United States casualty insurance companies, namely, the Associated Indemnity Corporation, rated by "Bests" insurance report "policy holders" rating 'A+' (Excellent). Financial rating AAA+ for financial stability and efficient company management. Such reports are accepted by all insurance companies as being authentic.

#### REPRESENTATION

EACH POLICY HOLDER is represented by three factors (1) the **Insurance Committee** of the National Association of Amusement Parks, Pools and Beaches; (2) John Logan Campbell, its **National Agent**; (3) The Associated Indemnity Corporation, its **Official Insurance Carrier**. Through the concentrated attention, study and specialization of these combined factors, each phase of the individual policy holder's business—such as insurable interests; breadth of protection; promulgation of rates, etc.—receives the most careful analysis and treatment.

To sum up the above, the policy holder receives unquestioned security — personal representation — with assurance of coverage with definite rate benefits, all of which is supported by the total premium savings effected for those insuring under the Special Public Liability Insurance Plan in excess of \$1,000,000 since its inception.

REMEMBER - - This Plan is Your Plan!  
Enjoy these benefits by  
insuring under

### THE SPECIAL PUBLIC LIABILITY INSURANCE PLAN

Suite 1120, Munsey Bldg.  
Baltimore 2, Maryland

#### OTHER BENEFITS

EACH POLICY HOLDER, as a member of the National Association of Amusement Parks, Pools and Beaches, at the time he insures under the Plan is entitled to:

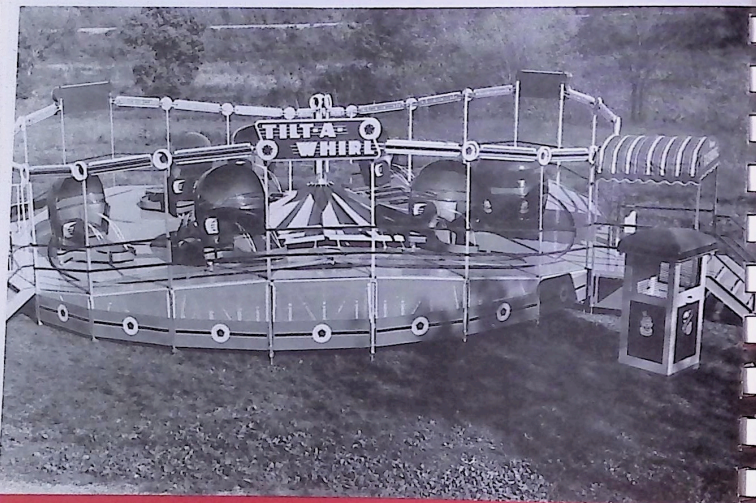

- Policy coverage that contemplates full protection (no deductible forms).
- An immediate reduction in the Manual rates and minimum premiums where permitted by State Laws. (Immediate recognition will be given to the Park owner's past accident experience established with other recognized carriers).
- Additional interest coverage, without premium charge, for those concessionaires who insure under the Park owner's policy.
- Unparalleled assistance from Associated's Safety engineers to remove hazards on park premises which may otherwise cause accident claims.

## Buyer's Guide

A Directory of Manufacturers and Dealers in Amusement Devices, Equipment and Services  
**THE BUYER'S BEST MARKET PLACE**

In the hope of providing a satisfactory Buyer's Guide, it has been our aim to list the manufacturers in as many classifications as possible so that in a moment's time the user of the Manual & Guide may locate just the type of equipment or supplies in which he is interested.

In the concluding pages of this book will be found an Advertiser's and Exhibitor's index. Advertisers' addresses appear in the ads; exhibitors' addresses appear in the exhibitors' list; non-advertising manufacturing and sales members' addresses appear in the membership list. NOTE: In order to indicate and identify advertisers in the Manual & Guide the symbol "(Adv.)" follows their name.

ALBERT T. LENZ

CHARLES A. LENZ

"BILL" DE YOUNG

"It's unwise to pay too much . . . but it's worse to pay too little. When you pay too much, you lose a little money . . . that is all. When you pay too little, you sometimes lose everything, because the thing you bought was incapable of doing the thing it was bought to do. The common law of business balance prohibits paying a little and getting a lot . . . it can't be done. If you deal with the lowest bidder, it is well to add something for the risk you run. And if you do that, you will have enough to pay for something better."—John Ruskin

CHARLES A.

# 4 WAYS TO MAKE BP\* with Cretors equipment

## 1 \$75<sup>00</sup> per Hour Earning Capacity with Cretors GIANT 32-oz. POPPING UNITS

ELECTRIC OR GAS

The 32-ounce capacity giant popping units are capable of making profits for you that you never thought possible. Featuring extra heavy-gauge all-steel popping gun bottom . . . lighter gauge walls to concentrate heat under the corn . . . Counter-weighted lid lifts automatically from pressure of popping corn . . . Stainless steel base.

## 2

## Cretors NEW Perfection Candy Floss Machine

The pre-heat switch on the Cretors New Perfection Candy Floss machine enables the operator to pre-heat sugar before turning on the motor . . . preventing sugar loss. Brushes and collector rings are totally enclosed . . . preventing sugar and other foreign matter from crystallizing and forming on these electrical parts. The head is spring mounted for perfect balance. Heavy duty motor has life-time sealed bearings. 8" x 26" bowl. Light weight . . . fast . . . made of rust-proof aluminum.

## 3 Cretors Automatic Caramelcorn Mixer

Cooks the Cretors special Caramelcorn mix in about six minutes and mixes it with popped corn in just 3 more minutes . . . giving you a total of about six batches or 25 pounds of Caramelcorn per hour . . . making possible a gross profit up to 70%. Base . . . 10" square . . . Height 27" . . . Kettle diameter 16" . . . In dumped position, the unit is about 30" wide. Six foot Stainless Steel Counter available.

**Cretors** SINCE 1885  
POPCORN BLDG. NASHVILLE 9, TENN.  
FACTORY: CHICAGO, ILL.  
Phone: LO 49 Cable: Cretors

\*BIG PROFIT

## 4 NEW! Caramel- corn Mix

In polyethylene bags containing 2 lb. 14 oz. . . . featuring 4 oz. of 93-score pure creamery butter. Shelf life of over one year . . . not subject to rancidity . . . no refrigeration required. 12 bags to a case.

It's in the BAG!

# FAIRWAYS MINIATURE GOLF

presents

## 4 OUTSTANDING MONEY MAKERS

**19th Hole "Country Club" Custom**

The ultimate in Miniature Golf construction and design, utilizing the finest materials available and completely constructed at your site by FAIRWAYS staff of expert workmen.

**19th Hole "PRE FAB" Custom**

Complete specifications, factory built components and attractions, designed for easy layout and assembly, FAIRWAYS staff supervises the installation for those who desire superiority plus economy.

**19th Hole "Deluxe" Portable**

Functional design and economy incorporating many of the outstanding features of the Custom Course, geared for a maximum return on the investment. Built to withstand all weather conditions and can be easily installed indoors.

**9 Hole Superior "COMPACT JR."**

Designed specifically for motels, institutions, drive-in Theatres, etc. Attractive and challenging.

### Tremendous Enthusiasm Is Continuously Shown by Happy Owners of FAIRWAYS MINIATURE GOLF OWNERS

**GEORGE BARTELS** of Hersey Park, Hersey, Pa. . . . says . . .  
"The people like it and it has been a financial success."

**CHARLES W. SCHRYVER** of Gauga Lake Park, Gauga Lake, Ohio . . . says . . .  
"We feel that we have the most outstanding Miniature Golf Course in Northern Ohio. Our only regret is we did not construct a Fairways Golf Course five years ago."

**MILTON FONE** of "Uncle Mitty" Park, Bayonne, New Jersey . . . says . . .  
"Our course should pay for itself the first season."

**WILLIAM BLENDOW** of Lakeview Park, Royersford, Pa. . . . says . . .  
"Your staff did a wonderful job in creating this beautiful course. We are more than satisfied."

**THOMAS GILCREST**, Rt. 3 Sportland, East Rutherford, New Jersey . . . says . . .  
"Our total project should run close to 3/4 of a million dollars, and your course is one of our best investments."

**MAX RUBIN** of Million Dollar Pier, Atlantic City, New Jersey . . . says . . .  
"Our second Miniature Course was designed and constructed by FAIRWAYS MINIATURE GOLF and is a big success."

Now Anyone Can Produce Colorful Professional PLEXIGLAS SIGNS

AS WELL AS RICHLY EMBOSSED CARDBOARD SIGNS ON THE EMBOSOGRAF IN MINUTES — ANY TIME — ANY PLACE WITHOUT BENEFIT OF SPECIAL SKILL OR PERSONAL ARTISTIC ABILITY

THE UNIQUE EMBOSOGRAF MACHINE IS A PRACTICAL, ECONOMICAL, "MUST" FOR ALL AMUSEMENT PARKS, POOLS, BEACHES, CARNIVALS, TRAVELING SHOWS, RESORTS, THEATRES, ETC.

Now you don't have to order expensive signs from outside sources—with the chance that they may turn out wrong! Embosograf has developed a brand new technique to enable you to produce durable, colorful, all-weather Plexiglas signs, as well as richly embossed cardboard signs, yourself—when you want them, the way you want them—low or as many as you please! Signs made in a variety of colors. Signs with "Scotch-Lite" letters also available and easily made where hospital, bright reflective lettering is required.

ANY MESSAGE Can be typed out in a matter of minutes by anyone on your staff—without charge, at a pinch to make.

ANY NUMBER of signs can be produced from the original, and changed at a moment's notice.

MANY STYLES OF LETTERING from your existing equipment—longing in size up to 4" in height—for attractive, distinctive signs.

ANY COLOR in Acrylic Paint for outdoor lettering—all-weather, long-lasting Plexiglas signs. Double embossecment for special applications. Any Plexiglas Cardboard can be used.

EMBOSOGRAF MUST BE GOOD General Electric Corp. New York Telephone Co. Most Major Airlines

[154]

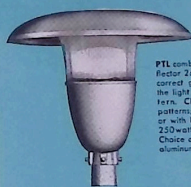

Fairytale Town, in the city park at Sacramento, increases its early evening business by lighting its grounds with L-M PTL's. These light fixtures use only 300 watt lamps spaced 100 feet apart. PTL's glass refractor directs the light down where it is usable.

## L-M's Post Top Luminaire Builds Evening Traffic

Line Material's Post Top Luminaire is an attractive, highly efficient lighting unit with a scientifically designed optical system. It provides excellent illumination where distinctive, high-quality lighting is desired for the better-type place of business—park, pool, estate grounds, restaurant, hotel or motel.

Good lighting increases the hours of use, provides more hours for profit. The PTL is an ideal unit, designed and produced by Line Material, one of the leading manufacturers of scientifically engineered lighting equipment.

Line Material also provides outstanding lighting engineering service, available through your electrical contractor or wholesaler. Ask about L-M lighting equipment—or mail the coupon.

PTL combines rigid spun-aluminum refractor 28" in diameter with optically correct glass refractor which directs the light downward in an even pattern. Choice of seven 1ES light patterns, lamps up to 10,000 lumens, or with ballast for mercury lamps to 250 watts. Available with photocell. Choice of six pastel colors or natural aluminum. For 3" or 7" post.

# A GREAT RECORD!

----- 906,233 PLAYERS IN 202 WEEKS ----->

OCEAN BEACH PARK

New London, Connecticut

This course is owned and operated by the Holmes Cook Miniature Golf Co.

## INSTALL HOLMES COOK MINIATURE GOLF... YOUR GRADE-A OPPORTUNITY FOR GREATER INCOME!

A FEW NOW OPERATING:

Alert park owners as well as individuals seeking sound investments in healthy outdoor recreation are finding Cook courses producers of additional major revenue. (It is the only amusement where the whole family can participate together.) Typical scientifically-planned course requires 15,000 square feet, yet modifications can be made to suit practically any site. What is now an idle field or woodlot may be turned into a top source of new income.

### WE MUST APPROVE LOCATIONS

NO COOK COURSE HAS EVER FAILED. That's because we build only on Cook-approved locations. Long experience has taught us the type of site that's right.

### HAVE ONE IN MIND?

Then invite us now to appraise its worth as a site for Holmes Cook golf. That big opportunity may be "right under your nose."

FOREMOST BUILDERS IN  
THE UNITED STATES OF  
OUTSTANDING COURSES.

Just **ONE** of Many Testimonials  
... Our **RECORD** is an Open Book!

HOLMES G. COOK  
Consultant - Designer - Builder - Operator

## CITY OF NEW LONDON CONNECTICUT

DEPARTMENT OF ADMINISTRATION  
EDWARD H. HENKLE  
CITY MANAGER

October 5, 1960

TO WHOM IT MAY CONCERN:

This is to Certify that MR. HOLMES G. COOK built and operates a Miniature Golf Course at Ocean Beach Park in the City of New London, Connecticut, said City having a population of approximately thirty-two thousand.

This course has been highly successful and has added greatly to the beauty of the Beach. Ocean Beach Park was built a few years ago at an expenditure of several millions of dollars and the Ocean Beach Park Board has had the thought of keeping up the standard of the Beach as a matter of prime importance.

Mr. Cook's Miniature Golf Course has met the highest standards of the Board and it is something we are all proud of. The course attracts a very heavy volume of players and has been profitable both to the City and the operator, attendance for twelve years of operation (1947-1960) being 906,233.

Our business relationship with Mr. Cook has also been of the highest order and he has been most cooperative at all times. His building of the course indicates that he has profound knowledge of the subject and his operation indicates both experience and ability. I would strongly recommend Mr. Cook to any public, or private, enterprise as an expert in both the building and operation of Miniature Golf Courses.

EXCLUSIVE AT ARROW Ultra-silent mechanisms for rides like the Spinning Tops at Freedland. Adaptable to many themes, this key equipment can be ordered in 90 and 60-passenger sizes.

## PLAN NEXT YEAR'S PROFITS - THIS YEAR!

### Plan a New Arrow Ride for 1961

Trackless train. Articulated, molded fibreglass shell, permanent color, electronic steering—the "Mardi Gras" trains at Freedland.

Freeway car. Sleek body, realistic-looking bumpers with hidden shock-absorbing capability for fun with safety. Extra-strong construction for long life under heavy use. Top appeal, adaptable to any site.

Design and construction of the better attractions take time—and the operator who is looking ahead is planning and ordering his future requirements now. With sufficient notice Arrow's design and engineering service can assist you in creating better rides for the coming season. Your inquiry is invited.

Dear Park Owner:

It is with a great deal of pride and pleasure that I write this short note of thanks to the many fine parks that we have had the honor of serving this past season.

The suppliers whom we represent are among the most reliable and well thought of in our industry and we are grateful to these people who have worked so closely with us.

We term ourselves as the COMPLETE amusement service; we are not only able to supply you with equipment, but are also able to do the very important task of custom design work so necessary to the industry. This past season we designed everything from theme parks, major parks and kiddie parks, to a ticket office.

It is our sincere desire to be able to continue to serve this great industry, and to justify the trust that has been extended to us by our customers and suppliers.

Looking forward to the pleasure of working with you, I remain,

*Richard Meadows*

# FREEDOMLAND

WORLD'S LARGEST ENTERTAINMENT CENTER

A wonderland of fun and adventure set in the shape of the United States and reflecting her exciting past and future.

- Two steam trains circle the park from Chicago to San Francisco. In the foreground a stagecoach heading for the Rocky Mountains.
- Leaving the Chicago skyline, the Canadian and the American, 200-passenger steamers ply the Great Lakes. On route, a spectacular view of the great Chicago fire.
- Fort Laramie brings to life the era of western expansion complete with stagecoaches, navally, and a mail delivery by the pony express.
- A scene from the Civil War ride where multi-drum contingents wagon leave cannon and rifle fire on a vividly realistic tour.
- The Tuscan Mines disgorge serial ore buckets high across the breadth of the park. Below, a burro train winds its way.
- Satellite City depicting the events of the future. In the distance, the space ship which takes the visitor across two continents.

Freedomland is located in New York City just 40 minutes from Times Square. Its 210 acres include a 10,000-car parking lot, 86 acres of amusement facilities with seven distinct theme areas. Six restaurants and twelve snack bars reflect the periods depicted.

# WATER FRONT PROFIT

THE AMANDA

This exciting fibre glass inboard is the greatest money maker that you can buy. It's no maintenance hull in appealing red and white color assures you of those extra profits. Children and adults alike can't resist taking a ride. Non-sinkable and safe the AMANDA will operate in 12 inches of water. Concession operators tell us that the dollar volume is fantastic. One concessionaire already has 23 units working for him. Give four or five a trial and see for yourself about those extra profits.

In coin-operated equipment, change is the key to sales. A.B.T. now supplies the ultimate in coin availability with its perfected and fully field-tested dollar bill changer. It accepts a dollar bill, authenticates it, and delivers change in coin combination you set. Bogus bills, foreign currency are automatically rejected. The cabinet design is sturdy, simple, and uncluttered to make the operation simple, and to inspire confidence in the user. The New A.B.T. Dollar Bill Changer is the perfect way to keep "selling."

# Q & A C K CHANGE

FROM CURRENCY TO COINS

**Insured Dependability**

Every A.B.T. Bill Changer is leased with full protection of contents. An insurance policy, underwritten by a nationally known insurance company guarantees the money content of both the bill changer and combination bill & coin changer, and completely protects operator from loss due to pilfering, vandalism, etc.

Presenting the "TUSKO" line for '61

THE FINEST IN COIN OPERATED KIDDIE RIDE EQUIPMENT

TUSKO MFG. CO.

2177 VENTURA BLVD.  
THOUSAND OAKS, CALIF.  
P. O. BOX 151 • HUDSON 5-2212

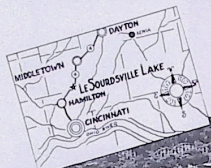

Experienced operators everywhere know the value of novel rides that are professionally designed. The ideas and skills of TUSKO's sculptors and industrial designers have provided that novelty. In life-like motion TUSKO's brightly decorated rides excite the imagination, prove irresistible to children and encourage re-rides.

Made of rugged, iron-like, reinforced plastic, these animals are built to last. A simple, directly connected, gearhead motor, completely eliminates costly shut-down time and the replacing of worn-out belts and pulleys.

# THIS IS LA- BONGA

THE WHOLE FAMILY  
LOVES TO PLAY

ALL YOU NEED IS A  
BALL AND CUE

## FEATURES

La-Bonga is a brand new, outdoor game consisting of nine La-Bonga tables comprising "holes one through nine". Players begin at La-Bonga Number 1 and proceed through La-Bonga Number 9. The player with the lowest score wins. Two minutes of instruction is the maximum required for any new player. It features wide appeal with actual analysis of traffic at present locations ranging from grammar school children through retired oldsters . . . and LADIES LOVE LA-BONGA! Existing locations show a high ratio of repeat business with church and school groups making up a substantial traffic segment. Contact us for actual profit figures from existing locations!

Redwood 6-9774

P. O. Box 4344-L  
TAMPA 7, FLORIDA

## JUST LOOK AT THESE PROFIT FEATURES FOR OPERATORS

UNUSUALLY LOW INVESTMENT . . . UNUSUALLY HIGH RETURN! Capital investment less than existing concessions now on the market. High return results from novel initial appeal PLUS high repeat business!

MINIMUM PHYSICAL LAYOUT REQUIRED! Completely weatherproof units can be installed in 50 by 60-ft. plot. (50 by 100-ft. recommended, however.)

TRANSPORTABILITY! No need to worry about highway changes on permanent locations . . . you can be back in business in new location in 2 to 3 days!

MINIMUM MAINTENANCE AND INSURANCE REQUIREMENTS! ONE attendant can handle ticket sales, instruction, and maintenance! Playing surfaces are "child proof". Comprehensive coverage is all the insurance required.

TRAFFIC-STOPPING LIGHTING! Each unit features blinking lights shining through 4 different colored Fiberglas panels! "Equal to \$4000.00 sign," operators report.

THERE'S  
GOOD REASON  
TO SPECIFY *Burge*

FOR ICE SKATING,  
CURLING,  
AND HOCKEY RINKS . . .

Write or call Frontier 6-8866.

**BURGE ICE MACHINE CO.**

7 Dexter Park Avenue, Chicago 9, Illinois

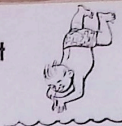

### "Turbo-Flow" PACKAGED REFRIGERATION UNIT

- Low Installation Cost—comes completely wired and ready for operation.
- Takes Less Floor Space—saves in building costs.
- Most economical operation—less refrigerant used.
- Proven Design and Construction—assures lowest maintenance and upkeep cost.
- Assure Constant Operation—a necessity for an ice rink.

### HEINZELMAN Uniflow "patented" ICE RINK FLOOR DESIGN

- Lower first cost—no header trenches necessary.
- Simple Design—assures lowest maintenance—no header maintenance as headers are cast in floor concrete.
- No Refrigeration losses—no exposed headers.
- Automatic Control—plus brine reversing system means 15% to 20% reduction in power consumption—and accurate control of ice conditions at all times.

## HOW AMERICA'S MOST IMITATED GOLF FELT CAN BRING MORE PLAYERS TO YOUR COURSE

## The ORIGINAL and BEST! DAVIS "EVERGREEN" Deluxe GOLF FELT

Golfers love to play on "Evergreen." It's the nearest thing to fine natural turf—springy and lively as a fresh-clipped putting green so shots roll true. Made that way by needle-loomed blended, non-fading green fibres, clear through to the back! No other felt can duplicate its "look" and "feel".

To build more business, install the Golf felt that's imitated but never equalled. Lastingly beautiful, longest wearing, trouble-free, "Evergreen" is the most economical Golf felt you can buy!

"The nearest thing to fine natural turf"

"EVERGREEN" De Luxe GOLF FELT

## DAVIS FELT & CARPET COMPANY

# Greetings from the Celtic Cafe

in the

COMPLETELY AIR-CONDITIONED  
**SHERMAN**  
 Chicago

Randolph, Clark and LaSalle Streets

Here's your  
man in  
**CHICAGO**  
who knows  
the world!

*Meet Charlie Bisland,  
Airman, Sailor, World  
Traveler, and Thos. Cook &  
Son Midwestern Manager.*

Before you go anywhere overseas,  
get on the phone and call Charlie,  
or write him if you have time.  
He'll make *all* your arrangements;  
tickets, hotels, cars, *plus* giving  
you the inside story on the best  
travel routes and rates . . . and the  
name of the best waitress in your  
hotel in Zaragoza. (And there'll  
be a Cook's man there to meet you  
and a Cook's office to serve you!)

Charlie issues you *one complete*  
itinerary with *all* tickets and  
reservations *made and confirmed*.  
Saves you money, time, and elimi-  
nates your document, currency,  
baggage, and language problems!

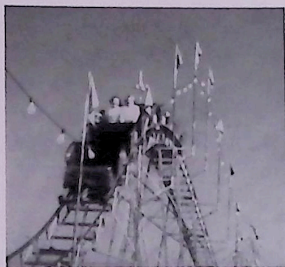

**CALL CHICAGO FI 6-1188 . . . or write Charles Bisland**

THOS. COOK & SON  
166 N. Michigan Ave.  
Chicago, Ill.

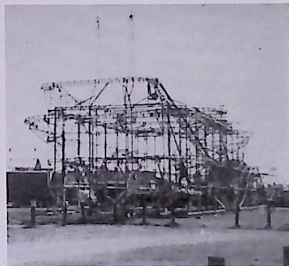

WORLD'S OLDEST & LARGEST TRAVEL ORGANIZATION  
OVER 400 OFFICES AROUND THE WORLD

*Ask Charlie for full-color folders on Cook's famous cruises*

**COOK'S**

Super  
Rides

## 1961 FLYING COASTER IMPROVEMENTS

After a year of development and testing all 1961 Flying Coasters will be equipped with new positive Hydraulic Safety Systems.

This safety system will be available to rides now in operation.

A fall survey of Flying Coaster rides and owners brought out opinions such as "The best ride in 25 years", "A Terrific Park ride", "Grosses and popularity increases", "Each of the three years the gross has increased at the C.N.E.", "Best ride in all my experience."

Flying Coasters will be built and licensed in England for the British Commonwealth, and in Germany for Continental Europe.

Sincerely,  
**Norman Bartlett**

LETTERPRESS

OFFSET

Printing of  
all types

*La Shore Press, Inc.*  
161 W. HARRISON STREET  
CHICAGO 5, ILLINOIS

Printers of  
NAAPPB  
Manual and Guide

Call **WA-2**  
0583  
0584 on your next printing problem

The advertisement features a central illustration of a man in a suit sitting at a desk with a telephone. Lines radiate from this central image to various text elements: 'LETTERPRESS' and 'OFFSET' at the top, 'Printing of all types' to the left, and 'Printers of NAAPPB Manual and Guide' at the bottom right. A large, dark, curved banner contains the company name and address. A circular call-to-action box is at the bottom left.

Compliments of

# Schork & Schaffer

Amusement Arcades in New York City

## MIDWEST\* PICNIC TABLES

Assemble  
in less than  
one hour

●  
Dismantle  
in  
Minutes

●  
Store  
flat

\*Patent Applied For . . . Serial D-38,221

**SLIDE-EASY SKID-TYPE FEET**—Permit table to be moved easily when mowing . . . protect turf from damage.

**EXCLUSIVE WALK-IN DESIGN**—No braces or frames to step over . . . no snagged nylons or clothing. All 4 ends are open for easy access.

**AUTOMOTIVE-TYPE FINISH**—High-baked green enamel end frames and braces withstand weather wear for years.

**RIGID, STURDY, NON-TIPPING**—Built to last a lifetime; 1½" diameter heavy welded steel tubing.

**SUPPORT ANY LENGTH TABLE**—2 end frames easily support tables up to 10 feet, but table may be made longer if third frame is used in middle.

**QUICKLY ASSEMBLED OR DISMANTLED**—Just bolt 4 boards 2" x 8" of desired length to factory-drilled flanged channeling to form top; one board 2" x 10" for each seat. To dismantle, remove 6 bolts and assembled top lifts off easily, then take out seat bolts and remove. End frames fold up for storage flat.

**ORDER METAL PARTS ONLY**  
and build your own table  
**OR BUY TABLES COMPLETE**  
with lumber for top and seats.

# NOW

color your concrete  
for that  
festive feeling

Nothing lends more excitement and enchantment to an amusement park than color . . . gay, festive color on concrete walks, walls and pools! It's easy and economical to get it, too. Horn offers you two easy ways to add color at low cost.

Horn Colorandum is dusted on and trowelled into the concrete. No need for time-consuming, costly mixing, yet it assures long-lasting hardness and resistance to abrasion as well as lime-proof, sun-proof finishes.

Where the job calls for an integral mix—specify Horn Staybrite. It is packaged in pre-measured quantities to assure correctly proportioned mixing—uniform color throughout. Both Horn Colorandum and Staybrite come in a

variety of colors, including modern pastels.

Then there's *Holzcon* Chlorinated Rubber-Base, Horn's paint for swimming pools and ponds. *Holzcon* dries to a smooth, tough finish that protects as it decorates because it is unaffected by purification chemicals and resists alkali and lime. *Holzcon*, too, is available in a wide range of colors to make your pool or pond more inviting, more enticing.

In fact, Horn offers a complete line of construction and maintenance materials covering almost every protective and decorative use . . . at reasonable prices.

Investigate! Call your nearest Horn Dealer or local Horn Representative, or write to Dept. NAP-138.
