

GREETINGS

Dear Mr. Gaither:

Yes, Mr. Pullman gave me the list of the sort of things you wanted from the Fair, but perhaps it is myself that hasn't made herself clear. As I understand, you want out of the ordinary things, like the things enclosed. The strip of cellophane I obtained, when I bought this packet of paper; the foil came from a cook book, as you mentioned in your letter; the Coty label, we printed in our place of business. And I'll be on the lookout for anything else for you. Sorry, but I didn't get such a medal, as the one you enclosed, but when I go again, I shall look for it. They gave out little "pickels," at the Heinz building, but they were all gone, at the time I got there; I overheard two women discussing it, but couldn't get one. And I shall send you three cards from the Fair, when I go again. We printed some other things for the Fair, but I will send them along, when I

Or if you like, we could swap p.c. of the Fair, and I'll send you some from here, in my next letter. I collect most ~~anything~~ in the line of stamps, and pictures & cards included.)

Do hope you will overlook all the errors in this letter. The heat's "got me," I think. You always have warm weather in Cal. so you are more or less used to it, but we had snow last week, not much, but it was snow, and now, in an hour's time, it's gotten so hot, you could melt. We have very crazy weather, here, anyway, always.

Hoping to hear from you soon,

Most sincerely,

Miss B. M. Hengels.

can get a few more items to enclose with them, and make a fair sized packet.

The sort of p.m.'s I collect, are the ones that have commem. stamps on them - that is what I meant by comm. p.m.'s. So, anything that you may get in that line, will be greatly appreciated by me.

I must thank you for the ones you sent; I'm sorry I didn't mention it before. Also the advance stamps, for which I'll send you p.c. as stated before. Also thank you for the coin. Tell me something about the Calif. Fair, yes? It seems to be a lot like our own; and they both are patterned after the Fair in Paris, about 2 years ago. My sister is out there, and from the pictures she sent from there, it's a good deal like ~~there-~~ theirs'. So, it is us, that's the "copy-cats," eh? But it's nice, anyway. Especially at night, when they have it all lit up; just like a fairyland.

Would you care to have a folder of the Fair? By this I mean one of those things that fold up, like an accordion, and have pictures inside, just like post cards. We could swap, if you like, as I'd like one from your Fair, if you should happen to go again.
